Watch How A "Regular Guy" Went From Barely Scraping By To Six Figures A Year With An "Automatic Product Launch" Every Month...

You Can Flat-Out HAVE The Full 48-minute Case Study Training...

- **He's not a big name guru**
- **He had a low-priced product in a weird little niche**
- **He didn't have a big list...**

Some people think product launches are a bunch of guru hype.

But the reality is there's a bunch of regular folks who are doing product launches in all sorts of regular markets (or even some tiny little weird markets) and making small fortunes.

John Gallagher did it teaching people about "medicinal and edible herbs and plants."

Todd Brown did it in the massage therapy market... with a list of only 312 people.

And Jane Savoie did it in the "dressage" market (dressage is HORSE BALLET (no, really) - and she made $140,000 lauching a product to 817 people.

If you want to get REAL case studies to find out how they did it (and how YOU can do it in your market), then just enter your email address in the field to the right...
